Choosing the right secondary college for your child is an important decision.

A good secondary school is a place committed to developing every child, helping them grow into a well-qualified, goal-orientated, independent-thinking young adult. A good school assists students to recognise the talents they themselves may not have recognised. It deepens their desire for education and sets them on pathways not previously imagined. Educationally, socially, physically, artistically: by any degree John Fawkner College is a great school. A school that is committed to assisting students reach their potential.

At John Fawkner College we offer:

- High standards and expectations
- Comprehensive academic and vocational programs that cater for a range of learning abilities and needs including our VCE, VET and VCAL programs
- The Melbourne City College of Football – Year 7 to 12 program, combining your passion of football with learning
- The Sports Industry Pathway Program (SIIP) offered from Year 10 to 12, supporting students in pursuit of a sports pathway
- A new 1:1 learning (Netbook program) for all students
- Netball and Rugby Academies – Year 7 to 12
- A safe and nurturing learning environment with our wellbeing, transition and community link programs including our association and mentorship program link with Minter Ellison Law Firm
- A strong focus on literacy and numeracy with specialist support for students from non-English speaking backgrounds
- A supportive Year 7 Transition program

We welcome you to phone the College today to organise your College tour or to discuss what John Fawkner College can offer your child’s education.
